## INTRODUCING THE TOOL SPACE 12 & 16

The 'Tool Space Sixteen' and 'Tool Space Twelve' have been developed with an anti-vandal design to allow the safe storage of tools and equipment on-site. They help you:

### SAVE TIME

- Operatives are more productive as they don't waste time collecting and returning tools to an off-site depot
- The correct array of tools can be allocated to a specific job to ensure they are onsite whenever needed

### SAVE MONEY

- Reduce mileage to and from a central depot
- Protect vulnerable plant, tools and materials
- Securely store plant by driving it into the Tool Space through the extra-wide doors

### MEET HEALTH AND SAFETY LEGISLATION

- Safely store materials restricted from being carried in workforce vans
- Keep workforce vans within weight and space requirements

## TOOL SPACE 12 & 16

### INCLUDED WITH THESE MODELS:

- Reinforced phenolic flooring to allow storage of small plant and equipment
- 2 cabin doors for greater access
- Hydraulically lowered axle arrangement (manual)
- Locking towing cover hood with integrated swivel jockey wheel
- Heavy duty detachable aluminium loading ramps
- Two high-security impact-resistant polycarbonate fixed-pane skylights providing natural light\*
- Ply-lined internally
- Strapping points

### OPTIONS:

- Lifting pack
- LED lighting Pack
- Stainless Steel Construction with 25 year anti corrosion guarantee
